As a multicultural university, international relations is a daily reality for the Université libre de Bruxelles (ULB), just like the city of Brussels itself, one of the world's most cosmopolitan cities. Our campuses provide a stimulating environment, offering our students a wide range of activities (sports, exhibitions, events, student circles, etc.). Its outward-looking position with regard to Europe and the world has resulted in a number of agreements, collaborations and special partnerships being set up with some of the world's top universities. As a French-speaking university, most of the courses are delivered in French. However, a growing number of Master degrees are partly or entirely delivered in English. The ULB has 12 faculties that cover all the disciplines.
